

DISTRIBUTION

We advise our clients on all aspects of the distribution and supply relationships, including negotiation of distribution, supply, warehousing, freight, and consignment agreements. We also counsel our clients in connection with **mergers and acquisitions**, fleet management, corporate financing, warehouse leasing, and other **real estate** matters. On the employment side, we can assist with employee drug testing policies and OSHA complaints. Through our affiliation with Meritas, we also provide our clients with a full suite of services for import/export compliance (both U.S. and international) and navigating international trade regulations. **Our attorneys** also regularly act as local counsel for national and international distributors with operations in the Southeast.
