

ENERGY

Our attorneys work side by side with solar and wind farm developers, operators, and investors. For these clients, we handle matters such as **zoning**, permitting, title, **acquisition**, development, **construction**, disposition, investing, leasing and financing, as well as **environmental**, **litigation**, and regulatory matters. With experience in representing some of the largest solar companies in the U.S. and mining companies with operations in multiple states and countries, our attorneys are ready to assist in the ever-changing energy industry.
