

TECHNOLOGY

We provide a broad array of services to our technology clients, including review of **commercial transactions**, **M&A** advisory, and dispute resolution. **Our technology attorneys** advise clients in a wide range of businesses, from software developers and SaaS providers to healthcare providers and IT consultants.

Services Provided

- Prepare, review, and negotiate technology agreements, licenses, and commercial relationships
- Advise clients in the technology industry in connection with **M&A transactions**
- Assist clients with dispute resolution – misappropriation of trade secrets/confidential information, solicitation of employees, license violations
- Work with clients in understanding issues and relationships throughout their value chain – OEM/developer, resellers, service providers, end users
- Support startup clients with business formation and capital raising
- Help clients in migrating to the cloud and protecting their data
- Assist clients in navigating the intersection between healthcare and technology (**HIPAA**, ePHI, and HITECH)
